MODUS SOURCE[®]

Where Quality & Expertise Meets
Enduring Relationships & Innovation.

Modus is a distinguished USA-based company, **their principals have been standing at the forefront of the minerals and commodities sectors since 2014** with a commitment to quality, reliability, excellent customer service, proven know-how, and an adaptable business model that caters to a diverse customer base.

Our core business is supplying **high quality food grade and industrial sea salts** to the food manufacturing, spa, water conditioning, and deicing industries.

Our Sea Salt, **born from ecological protected waters undergoes a natural evaporation, and then is further cured and processed by a patented-award winning system.**

Modus principals and associates “
have sold over 2.4 million metric
tons of salt to a diverse customer
base while expertly managing turn
key solutions

Our track record speaks volumes to our ability to adapt and thrive in the intricate landscape of the industry. **Led by more than 65 years of combined experience and partnerships**, Modus guarantees quality of service by providing comprehensive solutions for customers' applications and ensuring the seamless flow, and reliability of products to its customers

At Modus, **understanding of customers' needs and wants demands** more than just transactions - it requires a deep understanding of the market, unwavering commitment to quality, and a strategic approach to meeting evolving industry demands.

Our adaptable business model positions us as a dynamic player in the field, nimble and capable of responding to the ever-changing needs of the market.

FINE SEA SALT

Table top seasoning, ideal for canning, pickling and an array of cheese and dairy products.

This salt shines in food processing and elevates grocery store staples and private label offerings. **Its finely ground crystals dissolve seamlessly, enhancing the natural flavors of every dish without overpowering.** Whether it's the subtlety required in fine dining kitchens or the consistency needed in large-scale food production, our Fine Sea Salt stands as a pillar of purity and quality.

Granulometry & application

GRAIN	LOW AVERAGE	HIGH AVERAGE	ADDITIVES	INDUSTRY APPLICATION	INDUSTRY NAME
Fine	0.2 mm	0.8 mm	No or YPS	Canning & Pickling Cheese & Dairy Food Processing Grocery Store Private Label	Standard Granulated Fine Particle Table Salt

MED SEA SALT

Table top seasoning, balanced texture perfect for baked goods toppings, integrating into dry blends, and pioneering new seasonings.

Its medium-sized crystals provide a delightful crunch and flavor enhancement, making it an indispensable tool for culinary professionals. This versatile salt **is also ideal for food enthusiasts seeking to add a professional touch to homemade dishes**, offering an unparalleled taste that captivates and satisfies.

Granulometry & application

GRAIN	LOW AVERAGE	HIGH AVERAGE	ADDITIVES	INDUSTRY APPLICATION	INDUSTRY NAME
Medium	1.0 mm	2.0 mm	No	Baked Good Toppings Dry Blends Seasonings	Medium Flake

COARSE SEA SALT

Used in cooking, as a finishing salt, in grinders and as an ingredient for food, cheese and leather manufacturers.

Embodies the bold spirit of culinary innovation. With its large, crunchy crystals, this salt is an essential ingredient for creating distinctive rubs, filling grinders for a fresh taste, and topping off gourmet dishes. **Beyond the kitchen, it finds its place in industrial manufacturing and private labels, offering a robust flavor that transforms simple seasonings into memorable, bold statements.** Our Coarse Sea Salt is the choice for those who dare to stand out, delivering a sensory experience that's as rich as it is diverse.
